AN AGED WOMAN VICTIM

Colored Porter Commits an Out-
rageous Assault on An Unpro-
tected Traveler.

Identity of the Scoundrel Is Quickly
Established and Judge Lynch
Holds Court.

La Junta, Col., March 26.—W. H. Wallace, a negro sleeping-car porter, was lynched at 8 o'clock last night in a corner of the courthouse square, being hung to an electric light pole by a howling mob of 4,000 people who had been hunting for him all day for an assault upon an aged woman. After the hanging the body of the negro was riddled with bullets. Wallace had been kept out of town all day by Sheriff Farr in an attempt to save him from the mob. The prisoner made no resistance to the lynching and died protesting his innocence.

Mrs. Henrietta H. Miller, aged 67 years, going from Los Angeles, Cal., to Denver to visit relatives, was assaulted in the Santa Fe railroad yards here Monday night by a negro porter on a Pullman car running between Denver and La Junta. After leaving the Chicago limited train here Mrs. Miller asked a porter whom she met on the station platform where the Denver sleeper was. The man offered to conduct her to the car. After going with him a considerable distance Mrs. Miller became suspicious and started to return to the station. She was then knocked down by a blow on the head, and after a struggle with her assailant was choked into insensibility. When she regained consciousness about an hour later she crawled back to the station and gave an account of the assault and a description of her assailant.

Washington H. Wallace, a Pullman car porter who runs between Denver and this city, stopping here on each run from 9:45 at night until noon the following day, was arrested in the car of which he had charge. He was identified by Mrs. Miller. Bloodhounds were brought from Canyon City and they trailed the man who accompanied Mrs. Miller through the yards to the car in which Wallace was found.

Eight assaults have occurred here in the past few months, and it is believed that all were committed by one man. Mrs. Miller's condition is critical.

Fearing a lynching Sheriff Farr decided to take the prisoner to Pueblo. When his intention became known, however, the railroad employees declared that he could not travel by rail, as they would refuse to operate the train out of La Junta with Wallace on board. The sheriff then decided to drive through. Meantime an armed party had left La Junta to overtake the sheriff and prisoner. The carriage was finally overtaken at Patterson Hollow, midway between Rockyford and Manzanola. Sheriff Farr made no resistance and Wallace did not ask for mercy. A peace element endeavored to stop the proposed lynching, but the mob would not hear to it. Though Wallace steadfastly maintained his innocence, the police declare that when they arrested him in his car there was blood and gray hairs on his clothing and other evidence which satisfied them he was the guilty man.

What the Candidate Missed.

Parsons, Kan., March 26.—Lee Watson, a 14-year-old boy, was killed by taking hold of a live wire in this city last night. The boy was a member of a high-school society which was initiating a candidate. Part of the initiation was the application of this wire to the candidate. Watson took hold of it and was immediately killed.

Two Arrests Made.

Pikeville, Ky., March 26.—The West Virginia officials yesterday arrested Chaney Hall and Patrick Childers, charging them with the murder and robbery of Joseph Wilson, a wealthy stockman at Thacker, W. Va., Sunday night. A woman is said to be implicated. Hall is said to have made a full confession.

Confessed His Guilt.

Cleveland, O., March 26.—Robert Bedford, indicted with Griffith Mayo and Frank Strong for the murder of Emil Goodman, a Woodland avenue tailor, made a confession to the police yesterday acknowledging that he was implicated in the crime. He will be tried for second degree murder.

Bridal Tour Spoiled.

Bristol, Tenn., March 26.—William Pridmore and his young wife, charged with the theft of a wagon and team while on their bridal tour, were sentenced at Blountville yesterday to three years each in the penitentiary. They have been in jail about 10 days.

Looks Like a Strike.

New Orleans, March 26.—The impending streetcar strike may start any time after tonight's meeting of the streetcar men's union. Even Mr. Mahon, president of the car men's union, now says that it looks like a strike, and both sides are preparing.

VALUABLE PRECEDENT

Action of Ninth District Convention
Finds Commendation.

Indianapolis, March 26.—John Wingate, member of the state board of tax commissioners, who was here today, was inclined to expatiate in a favorable way on the action of the Ninth district Republican convention at Kokomo a few days ago in refusing to allow the delegation from Hamilton county named by L. S. Baldwin, "Charlie" Landis' opponent for the nomination for congress. Wingate took the stand that the practice of allowing any candidate to name an entire delegation to suit himself was pernicious and against the time-honored principle that permits the people to select their own representatives. It was an innovation, he says, and he thinks it was well that it should be nipped in the bud. The only trouble experienced at other conventions this year he declares was for the same reason the trouble arose at Kokomo, and he holds that the Ninth district Republicans really did the party of the entire state a service in placing its stamp of disapproval on the practice. Other Republican leaders are inclined to the same view so far as the manner of naming the delegates is concerned, but they are almost a unit in saying that the Landis men displayed poor politics in not allowing the Baldwin delegation seats, inasmuch as they could not have hurt Landis' chances of success. There is no question but that there is soreness in Hamilton county over the action of the convention, and some of the Republican leaders go so far as to say that if the election should be held now that Landis would not carry the county which is normally strongly Republican.

The filing of the expense accounts of the candidates who were voted for at the recent Republican primaries in this county disclose that the system was a good thing for at least one man. For instance, Representative Jesse Overstreet was renominated at the small cost of \$50 to himself. He did not even have to expend that much as he had no opponent, but he gave the \$50 merely to "sweeten" the campaign fund. It would have been different, however, if Overstreet had been opposed, although the chances would have been ten to one that he would have been successful. But a comparison between the amount his nomination cost with what Representative Cromer of the Eighth district, for example, spent in downing his opposition makes it very evident that the direct nomination scheme was indeed a good thing for Overstreet this time. He got in so easily and quietly that half the politicians of the state don't know yet that he has been nominated. The cost of his campaign is indeed a record breaker.

Some of the Republicans are alarmed lest the recent action of congress in passing the war revenue reduction bill will take away federal patronage in Indiana. There are two revenue districts in Indiana—one presided over by John Bonnell at Terre Haute, and the other by Ambrose Nowlin at Lawrenceburg. Each has a number of deputies. The removal of the war tax will make the work much lighter, and it would not be surprising if some of the collectors lost their jobs. Bonnell, who was here last night, said he did not know what effect the bill will have, but he does not anticipate that it will displace any members of his force. He points out that since the passage of the war revenue bill that the natural revenue of the state has increased so there is really enough work and income to justify the employment of the present force. During the last year the two Indiana districts collected nearly \$26,000,000 for the government.

Nerve Slavery

It is present-day conditions—heaping burdens of work upon the nervous system that tells the story—premature breaking up of health.

It is why so many men and women, who so far as age is concerned, should be in the prime of health, find themselves letting go of the strength, the power, the vitality they once possessed. It is because that great motor power of the body, nerve force, is impaired. Neither will the heart, the brain, the liver, the kidneys, the stomach act right without their proper nerve force supply. Let any organ be lacking in this essential and troubles begin—some of them are:

- Throbbing, palpitating heart.
- Sleepless nights.
- Sudden startings.
- Morning languor.
- Brain fog.
- Inability to work or think.
- Exhaustion on exertion.
- Flashing appetite.
- Digestion slow.
- Food heavy.
- Rapidly excited, nervous, irritable.
- Stomach fails.
- Loss of flesh and muscular power.
- Settled melancholia.

CONVEYED TO JAIL

Neely, Rathbone and Reeves
Are Put Under Stronger
Guard at Havana.

WILL TAKE AN APPEAL

The Convicted Postal Fund Embezzlers Are Not Content With the Finding of the Court.

Supreme Court, of Cuba, Highest Tribunal in the Island, Will Be Asked to Review Case.

Havana, March 26.—C. F. W. Neely, W. H. Reeves and Estes G. Rathbone, who have been confined by order of the court in Vivao prison, were today conveyed to jail, where they are to remain until they can arrange for bonds.

Washington, March 26.—Official advice received by the postoffice department from the director general of posts of Havana indicate that Rathbone, Neely and Reeves, who were sentenced Monday to 10 years' imprisonment each and heavy fines as the result of the Cuban postoffice frauds, will appeal from their sentences to the supreme court of Cuba, the highest tribunal in the island. The basis for the appeal will be points of law and procedure.

The findings of fact made by the court are not reviewable. The separate fines, according to the official report, aggregate \$127,536, which is stated to be the sum of the shortages in the general account and in the surcharged stamp account. The decision of the court is understood to have been unanimous of the general charges of embezzlement and conspiracy as to all three defendants. Ex-Director General Rathbone, however, is believed to have been absolved from the charges as to trips and general personal expenditures. The full decree has not yet been received by the postal authorities.

DAY IS GIVEN

War Department Settles Date of Cuba's New Birth.

Washington, March 26.—Secretary Root has made public his order to General Wood directing him to turn over the control and government of Cuba to its people on May 20 next. The order requires the Cuban government to assume all treaty obligations and directs General Wood to continue a small artillery force to avoid leaving the island entirely defenseless until the Cuban government shall have opportunity to organize its own force. General Wood also is directed to convene the Cuban congress before May 20. He is directed to consult with President-elect Palma and substitute such persons as he shall desire for those now holding official positions in Cuba.

General Wood and all the staff officers on duty in Cuba are ordered to report to the adjutant general at Washington for instructions as to their future assignment to duty. It is stated at the war department that nothing has yet been settled with regard to the future station of General Wood, but that the matter would be settled before the termination of his duties in Cuba. General Wood left here today for Havana in order to carry into execution the plans for the transfer of the government. It is understood that President-elect Palma will not go to Havana until the early part of May.

Drunken Brute's Crime.

Middlesboro, Ky., March 26.—At Lydgate, Va., George Waller, while intoxicated, killed his 12-year-old daughter Nellie by shooting her with a shotgun. The crime is believed to have been committed Saturday night. Waller then fled to the mountains. A neighbor who had occasion to go to Waller's house Monday night found the body of the girl full of buckshot, lying on the floor. Nellie was Waller's only child. Mrs. Waller died two years ago.

After the Rebels.

Pekin, March 26.—As a result of the rebellion in the southern part of Ho-Nan province and the murder there of 14 converts, an edict has been issued ordering the magistrate of Pi Yang to be degraded and the magistrate of Tung Po to be punished. The rebels are ordered to be beheaded. One priest is reported missing. The governor of Ho-Nan province says that the collections for the indemnity caused the trouble.

A Cruel Stepmother.

Lexington, Ky., March 26.—Rosa Winchester, a negroess, was arrested last night, charged with holding the feet of her 3-year-old stepchild, Carrie Lee, in the firebox of a stove, as a result of which the babe's feet are cooked to the bone. Her husband prefers the charges and alleges that the child had been tortured in other ways by the stepmother, and that she had made numerous threats to kill the child.

Again Reported Arrested.

Sofia, March 26.—It is reported from Salonica that the Turkish authorities have arrested Pastor Tsilika on suspicion of complicity in the abduction of Miss Stone.

ON A LITTLE ISLAND

Surrounded By the Swirling Water's of the Classic Wabash Indiana Elks' Will Gather.

Historic Biddle's Island At Logansport Will Be the Scene of the June Festivities.

Logansport, Ind., March 26.—The date for the Indiana state meeting of the Benevolent and Protective Order of Elks has been decided by the carnival committee of Logansport lodge, B. P. O. E., No. 66, which will entertain the state lodge this year and under whose auspices a carnival and street fair will be given, together with the unveiling of the Elks' monument. The state meeting, carnival and monument unveiling will take place June 23-25, inclusive. The carnival will be located on Biddle's Island, where the home of the late Judge Horace P. Biddle is located and which is practically in the down-town portion of the city. The unveiling of the Elks' monument will be one of the features of the occasion and will be attended by imposing ceremonies. The monument is a bronze statue of an elk, life size, and is mounted on a pedestal ten feet above the ground. The local lodge will spare no pains or expense to make the affair a success and will endeavor to surpass anything of the kind ever given in the state. Excursions will be run on all railroads, and Logansport expects to entertain fully 100,000 visitors during the week.

THRILLING INCIDENT

Steel Cables Yielded Under the Enormous Weight.

West Baden, Ind., March 26.—Surmounting the new West Baden Springs hotel will be a large dome 200 feet in diameter and 170 feet above ground, the largest dome, it is said, ever constructed. When the false work had been completed and the task of lifting the first section, an enormous mass of steel, was begun, witnessed by several hundred people, who crowded into every available place. When the steel was almost in position a guy rope slipped, the weight forcing the other steel cables holding the crane through the walls and creating the utmost alarm, as the people were jammed in the stairways. Several women fainted, confidence was finally restored and the crowd was dispersed.

Bad Fire at Brazil.

Brazil, Ind., March 26.—The most serious fire in the history of the city occurred yesterday, causing a loss of nearly \$50,000, by the destruction of the handsome C. H. Knight block, corner Main and Franklin streets. The losses are: D. W. Brattin, jeweler and stationer, loss about \$7,000; James Lytle, colliery, recently opened, loss \$5,000; D. Hawkins company, dry goods, loss \$5,000; C. H. Knight, office contents wrecked and valuable papers damaged; Clay County Building and Loan association; Prudential Insurance company; Harry Gring, optician; Mike Doyle, saloon, damage by water, \$500. The losses in the main are fully insured.

Counterfeiters Held.

New Albany, Ind., March 26.—Wm. H. Ramsey, an old resident of this city, has been arrested on a charge of passing counterfeit money. In default of \$1,000 bond he was sent to jail to await a hearing. This is the second arrest in the past two days, and it is thought other arrests will follow. John Springer, arrested for passing counterfeit silver dollars, has been committed in default of bond for federal grand jury action.

Cabbage Was Poisonous.

Poseyville, Ind., March 26.—Minor Young and wife, with a little daughter, living near this place, together with John Worth, who was visiting the family, ate freely of cabbage purchased here and soon after were acutely prostrated. Young and Worth are not likely to recover. There is a supposition that the cabbage had paris green on it, placed there while it was still growing.

RHEA UNSEATED

By a Small Majority Kentucky Election Contest Is Settled.

Washington, March 26.—The house yesterday by a majority of 10, unseated Mr. Rhea of Kentucky, a Democrat, and seated in his place J. McKenzie Moss, who was formerly a Democrat but who, according to his brief, is in accord with the Republican party on the dominant issues. The Republican majority in the house is 43. While only two Republicans, Hanbury and Vreeland of New York, voted with the Democrats, enough Republicans remained away or declined to vote to reduce the majority to 10. The conclusion of the debate on the case was rather spirited, Mr. Rhea making an eloquent defense of his right to the seat. After the vote the house began consideration of the army appropriation bill with the understanding that general debate should continue for 10 hours.

A sharp attack on the pending oleomargarine bill was made in the senate by Mr. Money of Mississippi. He denounced the measure as "unconstitutional, immoral, dishonest and unjust." He said it was a proposition to tax out of existence one industry for the benefit of another and was "protection gone mad." On behalf of the working people of the country he appealed to the senate not to enact the bill into law and declared if it could be voted on by a secret ballot it would not receive a dozen votes in the senate.

Fumors of War.

Berlin, March 26.—Copious dispatches received from New York and Washington and published here describe France and Russia as meditating war upon Great Britain and Japan over China and as seeking assurances from Germany of that country's neutrality. The foreign office repudiates this story and avers that Russia and France have not made any such inquiries here.

Negroes Organize.

Montgomery, Ala., March 26.—At a mass meeting of negroes held here last night the Colored Man's Suffrage association was organized with J. W. Giles president and J. S. Julian secretary. The object of the association is to oppose the new constitution of Alabama in the courts, and to do this it was agreed to raise \$2,000 by appealing to the negroes of the state.

Work of a "Scorching."

Kansas City, Mo., March 26.—Katy Clagg, aged 30 years, of Erie, Kan., was instantly killed last night and Lydia Schaeffer, aged 18 years, of Paola, Kan., was internally injured while waiting at a corner for a car, by being knocked down by a bicycle ridden by Charles Johnson, who was racing with another cyclist. Miss Clagg's neck was broken.

THE NEW BABY

Opens up a new world to the loving mother. If it is a strong, healthy baby that new world is a world of happiness. If it is a weak, fretful child the new world is full of anxiety. It has been proven in thousands of cases, that the use of Dr. Pierce's Favorite Prescription makes all the difference between strength and weakness in children. Healthy, happy mothers have healthy, happy children. "Favorite Prescription" gives the mother strength to give her child. It makes the baby's advent practically painless and promotes the secretion of the nourishment necessary to the healthful feeding of the nursing child.

"I have been using Dr. Pierce's Favorite Prescription and can say it is just what you advertise it to be," writes Mrs. Victor J. Hadin, of Leonardville, Riley Co., Kansas. "I began taking it just two months before baby came and was greatly benefited by its use. The doctor who attended me said I did about as well as any one he had seen (as I was sick only about three hours), and also that your 'Favorite Prescription' was 'one patent medicine' which he did have faith in. We now have a darling baby boy, strong and healthy, who weighed nine pounds when born. During this month he has gained three and one-half pounds. Have never given him one dose of medicine."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

POLITICAL GOSSIP.

Griffith D. Dean, of Marion, was here today in the interest of his candidacy for attorney general. He is an able lawyer and a pleasant gentleman.

Mr. Dean was born on a farm in Harrison county, Indiana, and at the age of 13 became a resident of Bartholomew county, attending high school at Columbus. In 1885 he graduated from Franklin college, and after teach-

ing school two years in Bartholomew and Johnson counties, entered the well known law firm of Slansifer & Baker, at Columbus. In 1889 he located at Marion, where he formed a partnership with Judge W. H. Carroll, the firm being Carroll & Dean.

He is a congenial gentleman of social qualities, a forcible speaker, a prominent Knight of Pythias, and his candidacy has been endorsed by the entire Grant county bar, regardless of politics.

Convention headquarters, Small Ordinary, Denison hotel.

George A. Gamble, of Logansport, was here today in the interest of R. C. Hillis, who is a candidate for superintendent of public instruction.

Superintendent Hillis is a native of Jefferson county but has lived for 18 years in Cass. He graduated from the common schools at the age of 14 and began teaching at 15. Mr. Hillis completed the scientific course at the Holbrook Normal at Lebanon, Ohio, and later attended Indiana university. He has spent all his time in school work, in various phases—teacher in district school, township principal and county superintendent.

When elected county superintendent in 1899 Mr. Hillis had the honor of

R. C. HILLIS.

being the youngest man ever selected for that important position. His fellow-workers recognize him as an able and dignified member of their fraternity.

The Eleventh congressional district contains many enthusiastic Republican workers who confidently expect to see Superintendent Hillis successful in his race.

Headquarters during convention, Room 41, Denison hotel.

A. D. Eldridge announces today as a candidate for councilman from the Second ward. Mr. Eldridge is now a member of the council having been appointed to serve out the unexpired term of J. B. Shepard. He is attentive to the duties of the office and makes a good councilman. He is a substantial citizen and a good business man.

The sentence of Neely, Rathbone and Reeves will be a disappointment to those yellow journals and yellow politicians who predicted that they would never be tried.

NEXT week the township assessors will begin making their annual rounds. The matter of listing property for taxation is a very important duty. Their work should be impartially done.

JAS. S. BARCUS was nominated for joint senator for Vigo, Park and Vermillion county Tuesday. He was a candidate for congress in the Fifth district but was defeated for the nomination by Congressman Holaday.

Plaintiff Changed His Mind.
Greensburg, Ind., March 26.—The suit brought by Hiram Drake against Dr. R. M. Thomas, claiming \$5,000 damages for malpractice in treatment of a broken limb, was dismissed after a jury had been called, the attorneys for plaintiff finding that their client was mistaken.

Child Burned.
Sullivan, Ind., March 26.—The 18-months-old child of Roscoe Carruthers was accidentally burned to death.

SEVEN KILLED

Cave-in At Cleveland Gas Plant Results In Disaster.

Cleveland, March 26.—As the result of the caving in of a huge bank of earth at the Main street plant of the Cleveland Gas Light and Coke company yesterday afternoon seven men are dead.

The men were working close to a bank of clay when it suddenly gave way without the slightest warning, burying them beneath the mass of earth. Fellow-workmen immediately began the work of rescue, and in a very short time six of the men had been taken out. Some of them were alive, others were already dead, their lives having been smothered out. The living were started to the several nearby hospitals, but died en route. Workmen employed at the scene of the disaster give as a cause for the fall of clay the thawing of ground by the warm sun, which made the clay looser than it had been previously.

ENCOURAGED PERJURY

That Was Ohio's Experience With the Garfield Law.

Columbus, O., March 26.—The Garfield law, which aimed to prevent corrupt practices at elections, was wiped off the statutes yesterday by the senate passing the bill for its repeal. The legislature was practically unanimous for the repeal of the measure, the chief argument against it being that it was ineffective and that it placed a premium on perjury. The law sought to restrict the amount of money which could be spent by candidates to secure a nomination or election by compelling them to file sworn statements of their campaign expenses. The law was generally evaded, but there were few prosecutions under it.

Dying In New Mexico.

Louisville, March 26.—F. Wharton Golden, whose statements to counsel for the commonwealth led to the indictment of W. S. Taylor, Caleb Powers and others on the charge of complicity in the murder of William Goebel, and who was an important witness in the conviction of Powers, Henry Youtsey and Jim Howard, is said to be slowly dying of consumption in New Mexico.

The Seay Murder Case.

Noblesville, Ind., March 26.—The county council has appropriated \$600 for the defense of William Fodrea, indicted for the assassination of John E. Seay, Fodrea reporting that he has no money with which to employ counsel. A few weeks ago the county council appropriated \$1,600 for the prosecution of the same case. The defendant will not be tried until the next term of court, and will probably seek a change of venue from the county. It is alleged that the authorities have unearthed much new evidence against him.

Miser's Miserable Death.

Fort Wayne, Ind., March 26.—The coroner finds that Henry Louis Hamel died of starvation, self-imposed, he having subsisted on a few crusts of dry bread for weeks, although his mattress was stuffed with bonds and currency.

For the Handicap.

Kansas City, March 26.—Celebrated wing shots who will participate in the grand American handicap in this city next week are beginning to arrive.

EASTER JEWELRY

should be worn.

The opening of the spring season finds us ready with a very pleasing collection of Jewelry, Toilet Articles and Fancy Goods.

All of these things are so attractive that the impulse to buy a great many will come to all who see. Prices will permit of liberal purchases.

J. G. LAUPUS, Jeweler and Optician, CHESTNUT STREET.

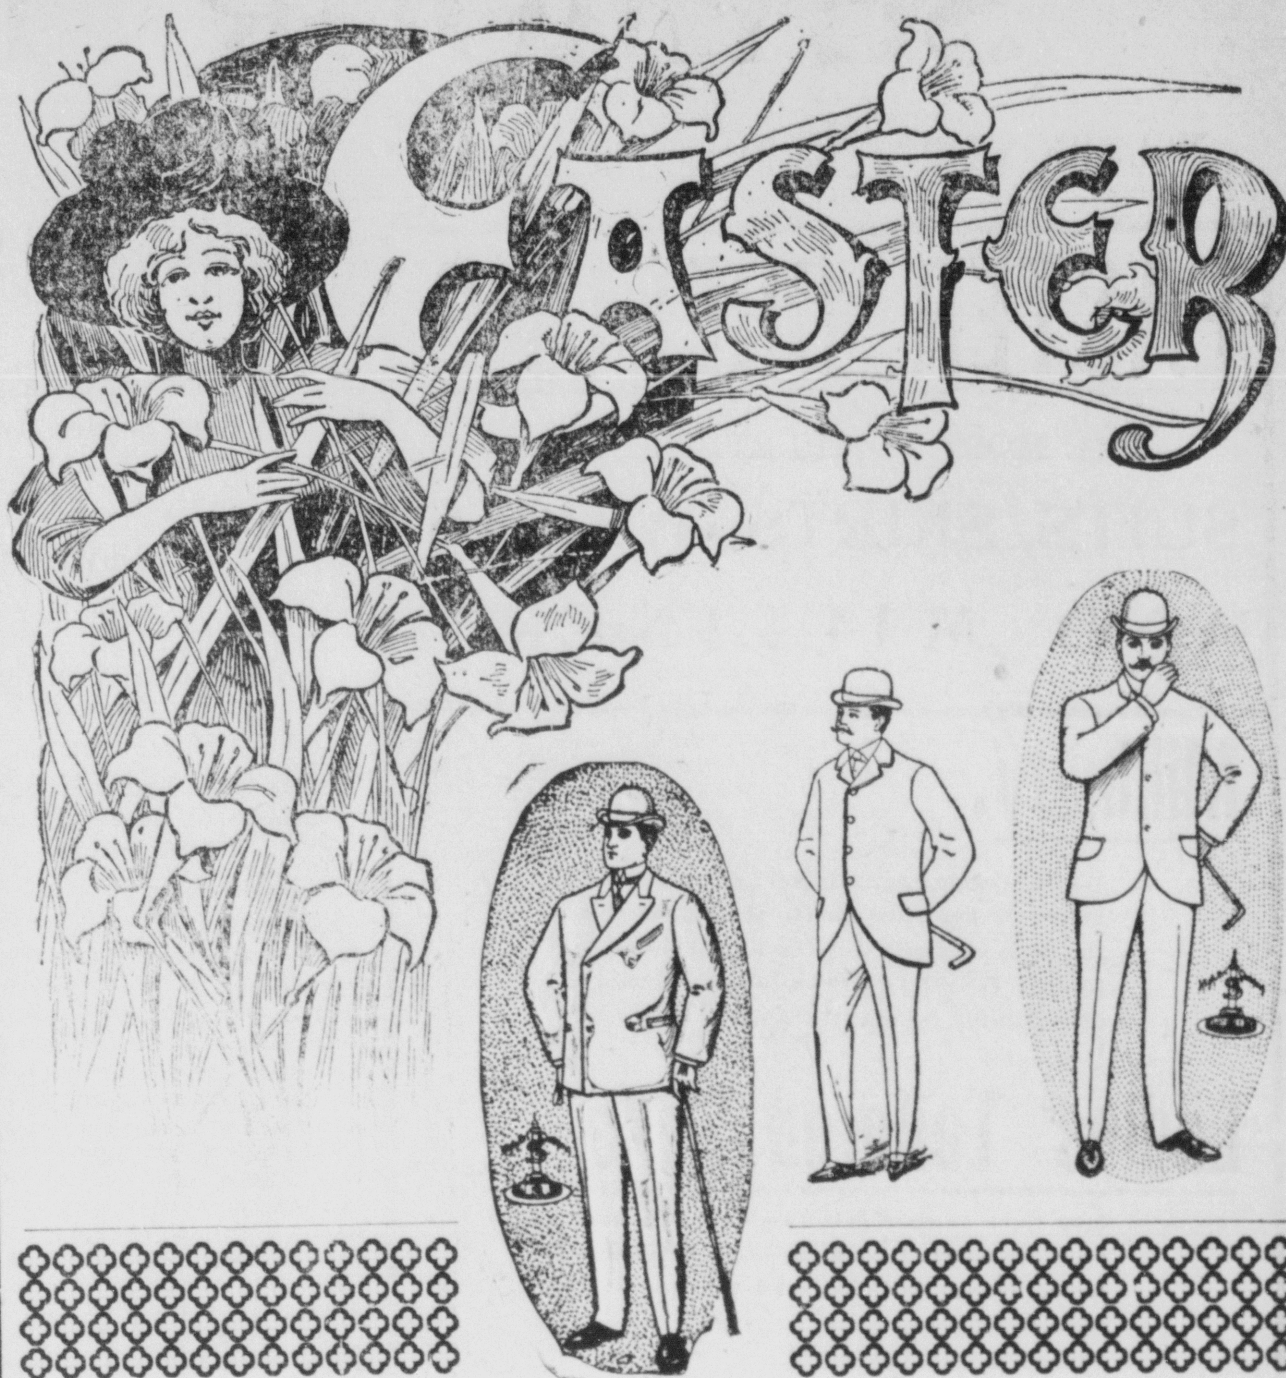

You Might Trim Your Walls With Flowers.

—Real violets, roses, lilies-of-the-valley—almost any blossoms—and they won't be a bit prettier than the wall paper we have. Besides it would cost more, and be lots of trouble. We will put any paper you select on any room in your house and we will make no mess or bother. Papering has come to be such a science nowadays, and paper is so cheap, that people don't wait until spring cleaning. They change the paper on their walls. Whenever they get tired of it, or it is the least soiled.

We're at your disposal at anytime, go anywhere, and do all kinds of work from the cheapest to finest.

Southern Indiana Teachers.

The Southern Indiana Teachers Association will be held at Bloomington April 3, 4 and 5. The Seymour teachers and others from Jackson county will attend. Bloomington is trying to equal the great meeting held here last year. The Bloomington World says:

The prospects of a great meeting are flattering. Two hundred are coming from Terre Haute. Large delegations from nearly every county have written for accommodations. The city of Bloomington has responded nobly for entertainment, and places are assured for all who come. The program is unusually good. No teacher nor patron of education can afford to miss hearing Schaefer, Truedley, Bryan, Hester, Stalker and Brooks. The Monon will run special trains to make all connections at Greencastle, Mitchell and Bedford both incoming and outgoing.

All persons who expect to come to the Association should write to Supt. J. K. Beck stating that fact. By return mail they will receive assignments to places for room and board. Committees will meet all trains and conduct incoming teachers to their place of entertainment.

Baptist Prayer Meeting.

The prayer meeting at the First Baptist church tonight will begin at 7 o'clock, a half hour earlier than usual, and will close in time for those who desire to attend the entertainment in the lecture course at Armory Hall to be there in due time.

A WORLD WIDE VICTORY.

The recent victories of the house of Baldwin at the Paris Exposition give to its products a value and prestige not possessed by any other American piano. The grand Prix awarded the Baldwin Piano is an honor coveted by all the manufacturers of the world, but which has never been bestowed upon any American piano except the Baldwin. The Silver Medal awarded the Hamilton piano and organs shows the estimate of the International Jury of these Standard Instruments. The fifteen other awards (gold, silver and bronze medals, and honorable mentions), serve to emphasize the Great one, and show the high value placed upon the details of construction and the inventions embodied in these instruments.

CARMI, ILL.

Spring seems to be here but the ground is still generally too wet to plow.

Some of L. M. Cross' early vegetables and strawberries were damaged slightly by the cold snap March 16 and 17.

Ed Ackerman has the material on the ground for a new house on his farm, eight miles south of Carmi.

Mrs. L. M. Cross has been suffering from blood poisoning which started from what was supposed to be a felon on the index finger. It is now hoped that the danger is past.

Harve Wheeler and family, who have been residing at Seymour for several months, have come back to Carmi to live. He will probably be employed as night clerk at the Dawson House.

J. W. Smith came over from Enfield today and bought a load of feed from W. G. and Smith.

Corn and wheat are falling in price. Corn is now worth 60 cents and wheat 75 cents.

O. H. Smith has been sick for several weeks, but is better at this writing.

Elmer Wheeler stole a march on his friends. The foregoing sentence is explained by saying that in January he selected Shawneetown as his Gretna Green, where he and Mrs. Ella Smith, a highly respected young widow, were made man and wife. They will reside in East Carmi.

Mrs. Jacob Reedy, of East St. Louis, visited here last week. Her father is very low with consumption.

LONG.—With sadness we chronicle the death of Mrs. Annie Long, wife of Charles Long, which occurred February 8. Her malady was tuberculosis. The remains were laid to rest in the beautiful Kuykendall cemetery east of Carmi.

SMITH.—Mrs. Lenora Smith, wife of Robert M. Smith, of Enfield, departed this life March 16. She had been a sufferer for about a year with tuberculosis. The funeral service was held at Concord by Rev. J. S. Cummins assisted by Rev. Dewesse, and the remains were laid to rest in the cemetery adjoining the church.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H., "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They also kept my life in excellent health for years. She says Electric Bitters are just splendid for female troubles; they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by W. F. Peters Drug Co.

WINE OF CARDUI

If you have pains you should look after them quickly. Pain shows something is wrong. The sharper the pain the more danger there is in delay. There are thousands of women to-day who are bearing awful pain almost continually, rather than tell a physician about the shooting pains in their lower abdomen, about the agony of falling of the womb and the distress of leucorrhoea. They let the months pass and their trouble becomes harder to cure and more distressing. But modest women can secure exemption from the embarrassment of a private examination. When pain tells them of danger they can cure themselves by the use of

WINE OF CARDUI

in the privacy of their homes. You can be cured without embarrassing publicity. With these facts before you there is no reason for the delay which is increasing your misery and wasting the days of your life. Why not stop the pain today?

Belen, Miss., March 9, 1900.

I have used one bottle of Wine of Cardui and one package of Theodor's Black Draughts. Before I began to take your medicines I had pains in my back, hips, lower bowels and my arms. Sometimes I thought I would go blind. My head ached and I was so weak I could hardly walk across the floor. Now I can only feel a little of the pain in my side and I am going to use your medicines until I get cured, for I believe they will certainly cure me. I have been married twelve years and am the mother of seven children. I thank you for your wonderful medicine and what it has done for me.

MATILDA SMITH.
